

CLUB REGULATIONS

New Members: It is the responsibility of the proposer and seconder to see that a new member is introduced to other members and is advised on rules governing the conduct in the clubhouse, on the course and the dress regulations in each of these environments. If a golfer, the new member should be suitably well versed in the rules of golf to perform as marker for a fellow competitor.

Visitors: The Alice Springs Golf Club Inc (ASGC) welcomes all visitors to the club. Visitors with valid Golf Australia handicaps are encouraged to join our competitions. They are eligible to take part in Minor Competitions, but are not eligible to take part in Major Club Competitions or Board events, unless that event is an Open event. All visitors to the club, other than Temporary Members, should be properly recorded in the visitor's book by the accompanying member immediately upon arrival in the clubhouse.

ETIQUETTE AND SLOW PLAY

Section 1 of the Rules of Golf applies. In addition, players are asked to pay particular attention to the following:

On the Tee: The player must be aware when it is their turn to play and be ready to hit. If there is a chance that your ball may be lost or out of bounds then hit a provisional ball before leaving the tee. Do not hold up play by marking or consulting your scorecard when you should be playing. Please play ready golf.

Through the Green: The order of play should be anticipated and the player ready to hit. If your ball is shorter than, or near to the distance of, a fellow player's ball that has left the fairway, then play your shot before going to assist them in their search. Please carry a bucket of sand with you and repair any divots you may find.

On the Green: Buggies and motorised carts should be placed or parked close to the route to the next tee and must not be driven on the fairway, except when employing the 90 degree rule. This means driving next to the fairway, on the path, to be even with the ball then walking to the ball from the side at a 90 degree angle. Crossing directly across the fairway is allowed, also at the 90 degree angle and outside the marked blue lines near the greens. Repair any pitch or plug marks you notice within reason and leave the green as soon as your group has completed the hole.

Bunkers: Players must smooth out the sand in bunkers, including footprints, after playing their shot and prior to leaving the bunker. Use the rakes provided and replace the rake on the floor of the bunker, facing the direction of play.

Calling Through: A group which loses its place in the field, such that there is one clear hole ahead, **MUST** call through the group behind. Groups being held up under these circumstances have a duty to the rest of the field to play through when it is safe to do so. There is no stigma attached to calling through a group because you have lost a ball, so be fair to the rest of the golfers on the course. The low marker in the group is responsible for advising the group that is seen to be slow that you are playing through, as is your right. Only play through when it is safe to do so and be sure to advise the slow group of your intentions before doing so.

Picking Up: A player who can no longer score on a hole in a particular competition, such as Stableford or Par, should pick up their ball so that play proceeds quickly.

Priority on the Course: Groupings as per the time sheet for the competition have priority. If the sheet is in groups of four players, then they have priority. However, common sense should be used if the possibility of letting a faster, smaller group through without too much inconvenience to the field exists. Representative, Championship or Matchplay play-off groups have priority over regular competition groups. All competition groups have priority over any non-competition group. A single player has no priority on the course.

CLUB COMPETITIONS

Members are reminded that many Club Championships and Honour Board events take place over a whole weekend or several weekends. If you are unable to play the complete series, please do not nominate for the event or mark your card as a possible qualifier. If you do intend to qualify and you will be available for the entire series, then mark the relevant qualifying card with a 'Q' to indicate your intention to qualify. Players who fail to mark their cards with a 'Q' will be assumed to be unavailable for the Championship or Honour Board event and will not be considered for the draw.

Scorecards: Each competitor is responsible at the end of a round of a competition for ensuring that:

- their scorecard is completed with each nine totalled and final scores placed in the top right hand corner of the card
- their scorecard is scanned through the MiClub scanner in the clubhouse and that the score provided on the screen matches the score on their card if the scores do not match, checking the card to verify the problem and correcting these issues either on the card or on the screen as appropriate
- their score is confirmed on the system
- their card is placed in the receptacle provided by the Match Committee

DO NOT rely on your partner to return your card as it is not their responsibility. Incorrectly marked or unsigned cards will be dealt with in accordance with the Rules of Golf. Players failing to return cards for a competition they have entered will have their handicaps adjusted as per the Golf Australia handicapping rules.

Using the MiScore app: You must physically or verbally confirm your scores on each hole and sign and submit as the app requires. Check with your partner that your score is submitted and correct.

Saturday Competitions: Saturday competitions will normally be either Single Stroke or Single Stableford, except as required for Championship events or Championship qualifying events. Starts will be from either the first tee, or the first and tenth tees, as indicated on the time sheet.

Sunday Competitions: Starts will be from the first tee only, unless sufficient numbers in the starting field warrant additional starts from the tenth tee.

Trade Days: Trade day groups have right of way on the active 9 holes reserved for the day, unless there are sufficient numbers to warrant use of the entire course. In most cases, starts will be shotgun starts and coordinated through the pro-shop prior to the day of the event. Members not playing in the Trade Day are asked to either use the other 9 holes for practice or to observe the closure of the course for the event, whichever is the case.

Match Play Competitions: There are a number of major events in the calendar that encompass Matchplay. To ensure that it is a good day on the course for all concerned we ask that :

- Players not in the Matchplay remember that Matchplay has right of way on the course and participants should be 'let through' as soon as reasonably possible.
- Players participating in the Matchplay are asked to show consideration for their fellow members and not play through without first checking with the group they are passing.

Other Competitions: Any other official club competition will have the right of way on the day of that competition and on that part of the course being used for that competition.

The Season: The season shall run from the first weekend in March until the end of October each year.

MATCH COMMITTEE RULES

All competitions are under the management of the Match Committee. The Rules of Golf, as approved and amended from time to time by R&A Rules Limited will apply, together with such Local Rules as may be deemed appropriate from time to time.

Protests are to be made to the Match Committee before the close of competition, or as soon as possible after entering the clubhouse after completion of the player's round.

The Match Committee reserves the right to vary the conditions of play of any event, or to alter the program as it deems appropriate at any time. Practice is restricted to the designated practice areas.

Slow play will not be tolerated. The Match Committee reserves the right to enforce penalties as per the Rules of Golf or Local Rules effective at the time. Groups are encouraged to keep up with the group in front or call other groups through to fill vacant fairways. Daily competitions close 15 minutes after the last player leaves the 9th or 18th green. All cards must be returned by this time.

COUNTBACK SYSTEM

In the event of a tie for 18-hole events, the best score on the last 9 holes shall be used to determine the winner and place getters. If a tie still exists, the last 6 holes shall be used, then the last 3, and then hole by hole working backwards from the 18th.

In events longer than 18 holes, the score for the last 18 holes shall be used, then as per the procedure for 18-hole events.

For 9-hole events, the last 6 holes, then the last 3 holes and then hole by hole from the last shall be used.

In the event that scores are still tied after the above, then the tie shall stand.

PRESENTATION OF TROPHIES

Presentation of major club championship events shall take place on a designated Presentation Day, immediately after the Presentation Day Cup Event.

EAGLES' NEST

The Eagles' Nest shall be awarded for eagles gained on Par 4s and albatrosses gained Par 5s in singles events only, provided the event is played off the Blue (Men's) or Red (Women's) tees. The Eagles' Nest shall start at 6 balls and grow at the rate of 1 ball per singles competition thereafter until won, at which point it will be reset to 6 balls. In the event of multiple qualifying eagles in the one competition round, the Eagle's Nest shall be shared evenly among the eagles gained. The Eagle's Nest will be awarded as soon as possible following the eagle.

Eagles gained on Par 5s, in singles events only, shall be awarded 2 balls per eagle.

HOLE IN ONE

Hole in One awards and recognition will be awarded only for singles events played off the Blue, White and Red tees. Members will have their names added to the Hole in One Honour Board and will receive a Hole in One trophy, as well as any other awards provided by our valued sponsors at the time. Hole in Ones on Par 3s are not eligible for the Eagle's Nest. Members gaining Hole in Ones during mid-week 9-hole competitions will have their names added to the Honour Boards appropriate to the competition.

BEST OFF STICK

In each Single Stroke event, the best off the stick shall be awarded 2 balls.

HANDICAPPING

Men: To obtain a Golf Australia handicap, a player must submit to the club handicapper three (3) cards for rounds played over 18 holes. At least one of these cards must be recorded during an official Alice Springs competition. Any cards returned for non-competition rounds must be attested by a golfer affiliated directly or indirectly with a Golf Australia. The maximum Golf Australia handicap is 36 for men and 45 for women

Male members will be graded as per Golf Australia rules, as follows:

'A' Grade	Up to and including handicap 12

'B' Grade	Handicap 19 to 29 inclusive

For Club Competitions, the Match Committee reserves the right to adjust the handicap grade categories to suit the size of the field or the competition being played.

The Match Committee reserves the right to limit the maximum handicap for any competition.
