ALICE SPRINGS GOLF CLUB TROPHIES & EVENTS

Eclectic: The eclectic shall be run during the season on all Single Stroke, Stableford and Par (including Bisque) events only, in which all members are eligible to participate. The objective is to collect the lowest possible score on each hole during the course of the season. Payment for participation must be made to the Pro-shop at the time of collection of the first scorecard for the season's eclectic. Prizes are awarded for Overall Nett and Graded Gross results in separate men's and women's competitions.

Top Gun: Top Gun will run during the season on all Single Stroke and Single Stableford ASGC events. All members are eligible to participate. At the end of the season the 19 players in one division with the best nett scores, will play off in a shoot-out format for the cash kitty.

Captains' and Sponsors' Trophies: The Captains' and Sponsors' trophies are played for over 5 nominated stroke rounds during the season. The Captains' trophies are awarded to the lowest aggregate Gross score over the best 3 of the 5 nominated rounds. The Sponsors' trophies are awarded to the lowest aggregate Nett score over the best 3 of the 5 nominated rounds. The Sponsors' trophies will be presented to the men's and women's Nett winner.

Monthly Medal: The monthly medal is awarded to the player with the best Nett score during the nominated stroke round each month.

Guzzler's Cup and Goblet: The Guzzler's Cup (men's) and the Guzzler's Goblet (women's) is awarded to the monthly medal winner. The winners hold the Cup and Goblet until the next monthly medal presentation. If any member is asked twice by the holder, then the holder shall fill the member's glass instead.

Medal of Medallists: The winners of the previous 12 monthly medals (November to October) shall play off for the Medal of Medallists in a Single Stroke round in late October or early November. The winner of the Medal of Medallists shall be the medallist with the lowest Nett score in the playoff round.

Patron's Trophy: The Patron's Trophy is awarded to the best stroke aggregate gross 72-hole score during the season. The aggregate is based on a player's best four single stroke gross scores during the season.

4BBB (4 Ball Better Ball) Handicap Matchplay: This is a match between two teams of two partners. Each partner plays the hole and the best Nett score of each partnership is used to decide the hole. Handicaps are determined by reducing lowest handicapped player to scratch and reducing all other players by the same amount. The Matchplay index is used to determine where the strokes are taken. A 4BBB Stableford event is used to determine the qualifiers. The top 8 men's and women's pairs qualify for the matchplay finals. The winners shall receive trophies and/or any applicable prizes.

Singles Handicap Matchplay: As previous, but played on an individual basis. A Stroke round to determine qualifiers is held before the event. The top 8 men's and women's Nett scores qualify for the matchplay finals. The winners shall receive trophies and/or any applicable prizes.

Foursomes Championship: Foursomes is played with a partner, with each partner hitting alternate shots. The championship will be played over two days of one weekend. The format is 36 holes for men and women by invitation partners and drawn opponents. There are separate men's and women's Championships. The Gross and Nett winners shall receive trophies and/or any applicable prizes.

Mixed Foursomes Championship: This is a Foursomes competition for mixed gender teams. The championship is played over 36 holes and 2 days by invitation partners and

drawn opponents. The Gross and Nett winners shall receive trophies and/or any applicable prizes.

Club Championship: The contestants for this championship will qualify over two nominated Single Stroke rounds conducted on a single weekend. The top 8 gross Stroke scores in each grade (A, B, C) will qualify for the matchplay playoffs. The matchplay playoffs will be held over the next weekend and the following Saturday. The quarter- and semi-finals matches will be 18 holes, or as many holes as required until a winner is decided. In the event that the match is square after 18 holes, the players will continue on from the 1st tee and play such holes as required to determine a winner. The finals shall be played over 36 holes, or as many holes as required until a winner is decided. In the event that the match is square after 36 holes, the players will continue on from the 1st tee and play such holes as required to determine a winner. The winners shall receive trophies and any applicable prizes.

Senior Strokeplay Event: This is a 36 hole event that is run in conjunction with the Club Championship qualifying rounds. To be eligible, players must be aged 50 or older as of the first day of the competition. Players must mark their card with an 'S'. The Gross and Nett winners shall receive any applicable prize.

Junior Strokeplay Event: This will be a 36 hole event run in conjunction with the qualifying rounds of the Club Championships. Rounds 1 and 2 scores will be used to determine Junior Champions. To be eligible, players must be aged less than 18 as of the first day of the competition. The Gross and Nett winners shall receive a trophy and/or any applicable prizes. A separate boy's and girl's champion will be decided where possible. The overall Gross champion will have their name added to the appropriate Honour Board.

Other Competition Formats: The rules for other competition formats are in the Pro Shop and will be displayed for the appropriate event.

Complaints: Matters pertaining to golf or golf competitions should be addressed to the Captains, with a “for information” copy to the General Manager. All other complaints must be made in writing to the General Manager. Under no circumstances shall an employee of the club be admonished or reprimanded by a member.

Insurance: Members should note that the club does not provide insurance cover in respect of members’ property (including contents of the buggy room or lockers). MEMBERS ARE ADVISED TO COVER THEIR OWN CONTINGENCIES ON THEIR OWN ACCOUNT.

Damage to Adjoining Property: Members are requested to report to the General Manager, as soon as possible, any apparent or possible damage to adjoining property or passing vehicles caused by golf balls.

ETIQUETTE AND SLOW PLAY

Section 1 of the Rules of Golf applies. In addition, players are asked to pay particular attention to the following:

On the Tee: The player must be aware when it is their turn to play and be ready to hit. If you suspect that your ball may be lost or out of bounds, then hit a provisional ball before leaving the tee. Do not hold up play by marking or consulting your scorecard when you should be playing. Please play ready golf.

Through the Green: The order of play should be anticipated and the player ready to hit. If your ball is shorter than, or near to the distance of, a fellow player’s ball that has left the fairway, then play your shot before going to assist them in their search. Please carry a bucket of sand with you and repair any divots you may find.

On the Green: Buggies and motorised carts should be placed or parked close to the route to the next tee. Repair any pitch

or plug marks you notice within reason and leave the green as soon as your group has completed the hole.

Bunkers: Players must smooth out the sand in bunkers, including footprints, after playing their shot and prior to leaving the bunker. Use the rakes provided and replace the rake on the floor of the bunker, facing the direction of play.

Calling Through: A match which loses its place in the field, such that there is one clear hole ahead, **MUST** call through the match behind. Matches being held up under these circumstances have a duty to the rest of the field to play through when it is safe to do so. There is no stigma attached to calling through a group because you have lost a ball, so be fair to the rest of the golfers on the course. The low marker in the group is responsible for advising the group that is seen to be slow that you are playing through, as is your right. Only play through when it is safe to do so and be sure to advise the slow group of your intentions before doing so.

Picking Up: A player who can no longer score on a hole in a particular competition, such as Stableford or Par, should pick up their ball so that play proceeds quickly.

Priority on the Course: Groupings as per the time sheet for the competition have priority. If the sheet is in groups of four players, then they have priority. However, common sense should be used if the possibility of letting a faster, smaller group through without too much inconvenience to the field exists. Representative, Championship or Matchplay play-off groups have priority over regular competition groups. All competition groups have priority over any non-competition group. A single player has no priority on the course.
